OUR JOURNEY The Road Less Traveled

The winding path of life takes us all to the point where we have to decide between a well-beaten path of ease or a road less traveled of hard work and reward. Bethel College encourages all of us down that less traveled road, but never let's us forget that we walk down it with our friends, families, colleagues, and God.

Cross Roads

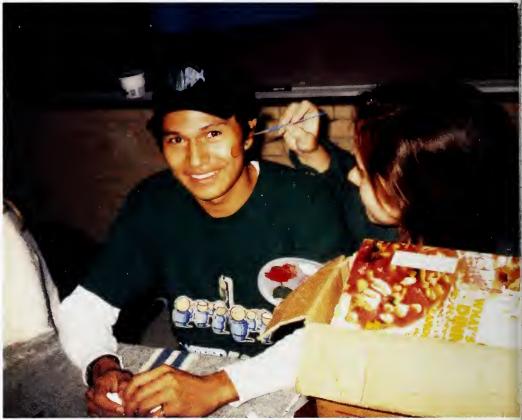

Student Life at Bethel is what most of us remember. It is the late night study breaks, the dances throughout the year, all the plays and performances put on by our friends and peers, but mostly it is this place we call home for nine months out of the year.

The face painting at the EAC booth was a great hit with everyone. Here Erin Scott paints a big sunshine on J.P. McKay. The EAC booth was one of many that moved inside because of the rain but it didn't seem to dampen the spirits of most club members! (photo by Cristin Dorsing)

FALL FEST '95

Despite the gloomy weather everyone seemed to enjoy Fall Fest '95. Students, faculty and staff adapted pretty well to the rain Saturday morning, with some of the clubs moving their booths inside and the more hearty setting up tarps out on the Green. Anything Goes was a hit as always after Convo on Friday, with it's bat spinning, pudding slurping, falling down fun. Saturday afternoon several students and parents gathered to watch the ever growing Bethel soccer team.. The football team won it's the homecoming game and we got good food since the board members were eating with us in Marriott. These and many other activities kept us very busy! What a weekend!

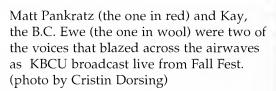

What? Menno Simons at Fall Fest? Perhaps this is just the Larry Friesen revival hour. (photo by Cristin Dorsing.)

For some odd reason Phil thought everyone wanted to see just how many he had eaten. Thanks, Phil! (photo by Cristin Dorsing).

'Tis the Season!

'twas the night before Christmas and all through the halls not a creature was done Christmas shopping so several Bethel folk left to hit the malls. The stockings were hung off the brick walls with care, in hopes a care package soon would be there. The students were snuggled all warm in their beds while visions of upcoming finals danced in their heads. Mama in her slippers and I im my cap had just run to Drubers to avoid taking a nap. When out on the Green there arose such a clatter, I sprang from my desk to see what was the matter. Away to my window I flew like a flash, tore open the curtains, but what is a sash? Then what to my wonderous eyes should appear but a miniature Patty Shelly and she had her guitar near.

Despite the stress from upcoming finals, last minute packing and slush covered stairs Bethel is a beautiful place to be over the holiday season. The warmth of our community shines most clearly for me in the lights of the candles, as we circle the green, singing songs and remembering in our own ways what makes the season special. After the songs fade and the candles have been collected we can all take a minute to relax, to enjoy each other and get in out of the cold with a cup of hot cider in Marriott before hitting the books once more. During this time our heads are filled not with visions of sugar plums but with papers, last minute shopping, finding the perfect bow, donating our time and resources to those less fortunate than us, the Dickens Christmas banquet and dance and many other things. We can be seen throwing snowballs, iceskating on the sidewalks in our boots, putting up Christmas lights and running around in the halls with Christmas socks from our secret Santas. These will be our memories of Christmas Past.

DENVER CHILDREN'S CHOIR

This year, like last, Bethel students had the opportunity to open their homes and hearts as hosts to the Inter Faith children's choir from Denver. The goal of this group is to give positive life experiences and role models to kids of all ages from the inner city. They sang for us, played with us, wore us out and then they went home as we all headed in to take naps! No one who hosted a child was sorry. After seeing their faces, hearing their stories and getting to know them as beautiful people, they well carry pieces of out hearts for the rest of their lives. Several students who hosted kids last year requested the same children this year. It is hoped that they will continue making Bethel a stop on their tour!

RIGHT: "Music exists- not on canvas nor yet on the staff- only in motion. This integrates all types of disciplines and students see how the real world involves all types of skills. So if you are ever wondering why you have to take a science course if you are a history major or why you have to take a history course if you are a biology major you know that it's because Bethel is a liberal arts college.

Roads To Success

Academics success is the completion of years of hard work and dedication to an education. Bethel instills in all of us the desire to be the best we can and achieve the goals we set for ourselves.

AT WORK

Students Work Hard To Make The Grades And Graduate

Academics is the main reason we spend nine months out of the year slaving away over our books. We spend sleepless nights pumped full of caffeine and sugar in order to finish the ten pages papers we just started. We take breaks at Bubbert's, Newell's, and Druber's to regain our strength and sanity. Our overall goal is simply to survive each semester, and if we manage to raise our GPA's that is an added bonus. We are Bethel students and we are here to get an education.

WASHINGTON D.C.

The Washington D.C. trip is a chance for students to experience the workings of the political system and how it relates to people. This year's trip took Angela Muhuri, Brian Peters, Harlan Unruh, Derrick Dummermuth, David Wilson, Victor Gil, Tom Taylor, Monica Classen, Roger Tran, Josep Balanzat, Stephen Wiebe-Johnson, and Julie Hart to see the sights of our capitol. FIELD EXPERIENCE

Bethel Nursing Students Get Hands On Experience

Bethel College is known for its nursing program. People come as far as Africa to study at Bethel, even with long waiting lists for admission to the program. Surrounding hospitals are eage to hire experienced Bethel grads. If you were to over hear a conversation among nursing students you are likely to hear the word "clinicals" come up several times. Clinicals is the time when nursing majors get hands on experience applying the principals they learn in the classroom. Students often have to get up at 4 or 5 o'clock in the morning to get reading and get to their shift in all types of weather. These students are highly dedicated to the field they have chosen. They are without doubt Bethel's hardest working students.

Bethel soccer had one of its finest seasons in 1994 and next season is looking even better for the Threshers. Bethel was picked to finish sixth in the KCAC, but Bethel ended up finishing third in the KCAC. All this under first year Head coach Gerry Sieber from Hesston, Kan., Sieber brought in some junior college players to help out the program which only had four returing players from the last season, but still the Threshers were low in numbers only having 15 players. The lack of players still didn't seem to slow down the Threshers who went 8-8-1 for the regular season and had five players recieve All-Conference recognition. Bethel also hosted a first round playoff game which the Threshers lost to MacPherson College 1-4. Sieber has also done some heavy recruiting for next season, which hopes to have 23-28 players.

In 1995 Bethel will have its first ever womens' soccer team, Sieber will also be the Head coach for the womens' team. Sieber has already signed some women soccer players out of High school for next season, this along with some female students on campus who are interested in playing for Sieber in the 1995 season. Sieber is hoping to get around a total of 15-18 players for next years team.
